**C-1100 ARBORLINE CHAIR**

**Specifications:** Frame is solid maple hardwood with mortise and tenon and joinery throughout. The seats and backs are webbed with post industrial or non surplus standard automotive seatbelt webbing. Belts are very durable and sagging is negligible. Specify your color range and we will provide samples based on availability. Choose from our selection of standard non-surplus colors if consistent, long term availability is a concern. Seats may be upholstered with your material. Specify Aluminum footrest cover for bar chairs height \$17 list. See webbing specification guide on page 17. Wood finish guide on page 18. Custom finishes available. All fabric is COM.
